# Gulf Commercial Group Engineering Services

## INTRODUCTION

**Gulf Commercial Group** was established in 1982 by a prominent UAE businessman and has evolved into an international renowned product and service supply company, provider for the UAE market.

**GCG Engineering Services Division** – General Trading of Electronic Precisions Instruments, Transmitters, Flow Meters, Pumps, Vibration Monitoring and Telecommunication Equipment specializing in Oil & Gas Fields.

Moreover the Engineering Services Division includes a specialized team providing a state of the art integrated technology solutions covering the UAE and Iraq. As system integrators and solution providers, GCG Engineering Services involvement cycle emerges from consultancy services, project design, project management, turnkey solutions to annual maintenance contracts. GCG's team core is "Helping to maximize the client performance" through delivering Total Integrated Solutions, based on the latest technology, providing added value services.

Through its strategic alliances with well known vendors, **GCG Engineering Services** has established and outstanding reputation in meeting its clients' requirement through premium quality standards, after-sale service and technical support.

### OUR MISSION

To become the preferred supplier for engineering services and integrated solutions to our valued customers in the diversified market segment we serve.

### OUR VISION

To be the leading business organization in the GCC region by meeting and exceeding customer expectations to achieve their business objectives and maximize their performance.

### OUR PEOPLE

Considered as the most valuable assets, GCG team of professionals and engineers are manufacturer trained and certified with outstanding performance record that revolves around one concept "Client Satisfaction".

### Facts and figures

- Part of Ghobash Trading Investment Company (Over 1 billion AED Turnover in 2011)
- Offices: Abu Dhabi, Dubai and Iraq - Baghdad
- More than 238 professional staff
- Quality Management through ISO 9001:2008
- Ability to commit and deliver
- Application Oriented Pre-sales Team: Oil & Gas, Green ICT, Terminal Automation, Security Systems, Energy management, Specialized Engineering Services.

**What do we offer**

- Oil & Gas Field Equipment & Instrumentation
- Flow Metering System, Flow Computers
- Custody Transfer Metering Skids & Provers
- Transmitters, Tank Gauge, Pressure & Temperature Gauges
- SCADA & Distributed Control System
- Terminal Automation Solutions
- Operation Management Solutions
- Wireless & Mobile Productivity Solutions
- Fire & Gas Detection System
- Mechanical Equipment (Pumps / Motors / Valves)
- Infrastructure Cabling Telecom, UTP & Fiber
- Security Access Control Systems & CCTV Solutions
- Control and Computer Rooms Preparations
- Energy Management Solution
- Plant Assessment & Integrity Management
- Safety Consultancy, Training & e-learning, Media Services
- Services (Project Management, Technical Services, Maintenance & Service Contracts)

**Market we serve**

**GCG Engineering Services** has been providing solution and services to both private and public sectors in the following markets:

- Oil and Gas
- Hotels and Resorts
- Commercial Buildings
- Conference and Exhibition Centres
- Law Enforcement Institutions
- Financial Institutes and Banks
- Governmental and Educational Institutions
- Health Care Sector

Our portfolio includes a prestigious turn key projects that were designed, implemented, maintained and services by **GCG**'s professional staff all across the UAE and Iraq.

**OUR PARTNERS**

Our carefully selected Principals depend on us to take their high quality products and services to the UAE markets, something that we are respected for doing well. Our openly nurtured ideals of “trust and respect” – the cornerstones of business partnerships – ensure that our Principals afford **GCG** and its customers, the highest levels of support possible.

Today we have the best manpower trained to extend our services to companies and individuals.

We strive to keep our high quality at reasonable prices and our main objective is to satisfy the customer through extraordinary quality and service.

Over the years **GCG** Services developed a unique and refined management style. This is achieved through its experience staff, using the latest technologies, ensuring the utmost satisfaction of its clients.

**OUR CUSTOMER**

Our growing and diverse customer base associates us with providing a complete and seamless supply solution to their ever-more demanding needs. **GCG**'s own policy of continuous assessment and improvement ensures that we are always in a position to exceed those needs. Our customer have become accustomed to us getting “involved” in the technical selection process, providing unprecedented levels of both pre-sales and post-sales support.

Principal Company	Product Represented
<b><u>INSTRUMENTATION, FLOW METERING &amp; CONTROL SYSTEMS</u></b>	
  <b>FMC Smith Meters (USA, Germany)</b>  <b>FMC F. A. Sening (Germany)</b>	<p><b><u>Liquid &amp; LPG Metering Products</u></b>            Flow Measurement , Custody Transfer , P.D, Turbine &amp; Ultrasonic Meters, Electronic Batch Controllers , Accuload III, Microload and FMC2 Flow Computers, Intelligent Tank &amp; Truck Metering Package T11, T20, T40</p> <p><b><u>GAS Metering Products</u></b>            Flow Measurement, Custody Transfer , Orifice-Plate assembly (Senior Plate) &amp; Ultrasonic Meters</p> <p><b><u>Liquid &amp; Gas Metering Skids</u></b>            Flow Measurement , Custody Transfer</p>
	<p><b>Industrial Automation</b>            Electronic Transmitters, Controllers, Recorders, Control Systems, ESD Systems, Burner Management Products, Analytical Products etc.</p>
	<p>Flow Pressure, Level Measurement, Orifice Assy., Pressure Calibrator, HART Communicator, Manometer, Avionic Testers etc.</p>
	<p>Ultrasonic Flare Gas Meters</p>
	<p>Zero Leakage Valve Solutions, High Temperature, High Pressure, High Cycling, Abrasive, Corrosive and Caustic Media, Metal Seated Ball Valves</p>
	<p>Complete Refinery and GAS Plants FEEDS and Licensing, EPC Contracting</p>
<b><u>SECURITY &amp; BUILDING MANAGEMENT SYSTEMS</u></b>	
	<p><b>Security</b> Access Control Systems CCTV &amp; Digital Video Recording, BMS &amp; HVAS Control</p>
	<p>Video Wall &amp; LCD screens</p>
	<p><b>IP</b> Video Surveillance System, CCTV Network Cameras, Video Encoders</p>
	<p>Lighting Controls, Structured Cabling and Energy Management</p>
	<p>Fire Alarm Systems</p>
<b><u>ENGINEERING SOFTWARE &amp; SERVICES</u></b>	
	<p>Plant Assessment and Integrity Management</p>
	<p>Health &amp; Safety Consultancy, E-Learning &amp; Training</p>
	<p>Completions Manager and Well Diagram Software</p>

Principal Company	Product Represented
<b><u>PUMPS &amp; MECHANICAL</u></b>	
	Solid Handling Pumps and Agitators
	Gear Pumps, Centrifugal Pumps Petroleum and Special Applications
	Balancing Machines
	Vibration Monitoring Systems, Vibration Analysis, Automation Control
<b><u>TELECOMMUNICATION &amp; NETWORKING SOLUTIONS</u></b>	
	<b>Volition</b> Structured Cabling., CAT6, CAT7, Fiber Optic Cables.
	Lighting Controls, Structured Cabling, and Energy Management
	VHF. UHF RADIOS, Intrinsically Safe, Water Proof, Base Stations & Repeaters

**1. INSTRUMENTATION**

Control System (DCS) & Shutdown Systems (ESD), Process & Field Instrumentation, Custody Transfer Flow Metering Systems, Multiphase Gas & Ultrasonic Flare Meters, Test & Calibration Equipment, General Trading for Oil & Gas Supplies.

**2. OIL & GAS MEASUREMENT SOLUTIONS**

Supply, Installation and Commissioning of Liquid & LPG Metering Products like Flow Measurement Custody Transfer P.D, Turbine & Ultrasonic Meters Electronic Batch Controllers, Accuload III, Microload and FMC2 Flow Computers Intelligent Tank & Truck Metering Package T11, T20, T40.

GAS Metering Products like Flow Measurement Custody Transfer Orifice-Plate assembly (Senior Plate) & Ultrasonic Meters.

Liquid and Gas Metering Skids like Flow Measurement Custody Transfer.

Industrial Automation Electronic & Wireless Transmitters, Controllers, Recorders, Control Systems, ESD Systems, Burner Management Products, Analytical Products etc. Flow, Pressure, Level Measurement Orifice Assy., Pressure Calibrator HART Communicator, Manometer, Avionic Testers, Ultrasonic Flare Gas Meters, Zero Leakage Valve Solutions, High temperature, High pressure, high cycling, abrasive, corrosive & caustic media Metal Seated Valves, Complete Refinery and GAS Plant FEEDS and Licensing EPC Contracting.

**3. INFRASTRUCTURE, SECURITY AND NETWORKING SWITCHES**

Infrastructure Cabling System for Data & Voice, CAT6, CAT7 & Fiber, Complete Control Rooms, CCTV , Surveillance Systems, Security Access Control , Video Walls, Digital Video Monitoring & Recording, Time Attendance, Raised Flooring, Air-conditioning, Fire Alarms, Fire Fighting, FM200, Inergen, HVAC Control Systems, Light Management System, Home Automation.

**4. ENERGY MANAGEMENT & SOLAR SYSTEM**

Supply, Installation, Commissioning and Testing for Energy Saving Technology, Occupancy Sensors, Daylight Harvesting, Light Management System and Solar System.

**5. TELECOMMUNICATION**

Radios & Base Stations, Intrinsically Safe (IS) Radios, Microwave and Wireless Equipment, Navigation Systems.

**6. PUMPS & MECHANICAL SERVICES**

High Quality Valves for Oil & Gas & Steam, Dredging Pumps, Gear & Centrifugal Pumps, Couplings, Fabrication of SKIDS.
